Dear Sir/Madam,

Mill of Fortune Long-Term Forest Plan Renewal

We are working on behalf of the landowner to prepare a Long-Term Forest Plan is being renewed for Mill of Fortune forest, located 2km south-east of Comrie, Perth and Kinross. The forest plan aims to set out the objectives and operations planned for the forest over the next 20 years.

The forest will continue to be managed in accordance with the UK Forestry Standard (UKFS) which aims to balance environmental, economic and social objectives, whilst ensuring sustainable forest management is achieved.

The concept map shows the indicative felling and thinning areas, any known constraints and opportunities within the forest boundary and in the surrounding area.

If you have any comments or any other information that may help inform our planning process, we would be grateful if you could reply to me via the contact information below by 30th October 2026.

Yours sincerely,

Maaike Felstead
Forest Manager
